FACILITY RENTALS

Whether you have experienced the beauty of our Valley firsthand or have heard of us through friends, you might be wondering how you can share all that Blue Sky has to offer with your friends, family, or co-workers. We would love to help you plan a way to use our facilities to help you think imaginatively about how you might be able to use our space.

We operate out of renovated industrial and office buildings from the mid-century ARCO era. Both an organization and a campus, our work blends community programming, resource development, and facilities management to best make our space available for community use and impact. Through unique architecture and artist residencies, our facilities have been designed to provide a memorable space, making them ideal for your next special event! From weddings, to retreats, and everything in between, contact your host today to find out more about our special event packages.

MEET THE TEAM

We are a hardworking team of a mix of full- and part-time staff, AmeriCorps national service members, consultants and collaborators, all led by a volunteer board of directors. Our website provides up-to-date profiles of our staff: blueskycenter.org/team.
