OUTPOST STUDIO GUIDE

OUTPOST STUDIOS

GUEST ARTIST RESIDENCY

The Outpost Studio Program is a multi-week studio residency program hosted at Blue Sky Center. This particular program is a fee-based retreat-style residency for individual artists and creative professionals. We're opening our facilities to artists who have projects to work on. As part of this residency, we ask artists to host an open studio day, where community members can view their practice.

We accept applications to this program on a rolling basis, please email outpost@blueskycenter.org for information, pricing, and application requirements.
