The five acres of Condor's Hope organic, dry-farmed grapes are grown in ways that respect and protect our natural surroundings. The varied rainfall each year from wet year to drought years brings out varied essences of our wines. Our dry-farmed traditional system creates a high quality wine while conserving water use. With no irrigated water in the grapes, we get a smaller, more concentrated grape. The flavors and qualities of the wine vary from year to year depending on the season. Compare and enjoy! |
